

SITECO ROW LIGHTING

GESSLER FITS ANY SYSTEM

The perfect emergency lighting solution for SITECO MODARIO® lighting systems. All emergency lighting components are integrated into the standard SITECO module/housing for a technically optimised, streamlined solution.

For escape routes, we offer two exit sign luminaires with visible distances of 24 and 31 metres respectively. To ensure compliance with the relevant standards, offer a range of lenses catering for any installation height.

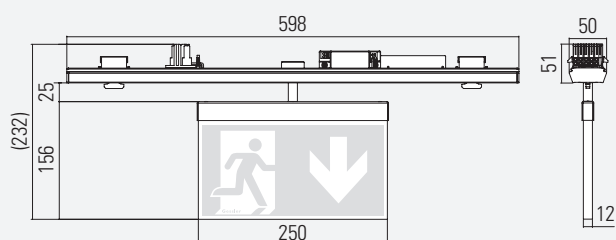

SAFETY LUMINAIRE fitted with lens of your choice

MODARIO®

EXIT SIGN LUMINAIRE (24 m)

EXIT SIGN LUMINAIRE (31 m)
